

Dear Cameron,

Thank you for taking the time to speak with me yesterday! It was very helpful to hear about your experience at Asana and how you got started in your career. I'm still amazed that you went to college with my sister--what a small world.

I really appreciate your offer to introduce me to your colleague. As promised, I have attached my resume in case you want to forward it to her as an introduction. Please let me know if you need anything else from me.

Have a great weekend!

Thanks again,
Salwa Muhammad
